The waste treatment plant owned by 300 Ocean Mile and Sunset Beach is experiencing HIGH levels of grease which is causing major problems. Please make all efforts to insure that cooking oils and grease are NOT poured down sinks or drains. The accumulated grease must be removed from our lift stations and the treatment plant and then hauled off to a dump site. All of these actions are very costly. We appreciate your cooperation in properly disposing of grease and oil.

BE RESPONSIBLE

Fill  Seal  Dispose

Please use Fat Trapper for grease/oil disposal.

For more disposal bags, call Resident Manager (850) 927-5678.
